The politics of belonging

Multiple religious belonging, also known as double belonging, refers to the idea that individuals can belong to more than one religious tradition. While this is often seen as a common reality in regions such as Asia with its many religions, religious scholars have begun to discuss multiple religion belonging with respect to religious traditions such as Judaism, Christianity, and Islam. The Politics of Belonging | SAGE Publications Ltd

We call this "the politics of belonging". It is ambitious but mainstream and moderate, and is based as much on ideas of security, community and togetherness as ideas of more freedom, autonomy and choice. Considering your multiple identities In other words, individuals simultaneously engage in these multiple political projects of belonging, and they are affected and positioned differently by each one. And, the author believes that these complexities of belonging can be best approached through the perspective of intersectionality. The book consists of six chapters, plus the conclusion. The Politics of Multiple Belonging: Ethnicity and ... "National identities were once taken largely for granted in social science. Now they are part of an even more complex 'politics of belonging' that challenges both public affairs and the categories of social science. Nira Yuval-Davis offers a nuanced account that will be important for scholars and all those concerned with contemporary politics."
